JB17.950 Equipment Cabinet

Typical use:

These cabinets can be used to take a wide range of equipment such as smoke hoods, lifejackets, immersion suits. Widely used in the Offshore energy and marine sectors.

Description:

These cabinets are manufactured using Lloyds approved composites including UV resistant gelcoats to provide long lasting protection for equipment stored inside in even the harshest environments. This is backed up with an excellent IP rating of 56. It has both Lloyds and ABS approvals.

The design ensures a high level of rigidity for the relatively low weight with a very effective EPDM seal around the door aperture. The hinges are secured with 316 stainless steel nuts, bolts and washers. It can be customised with a variety of shelves and brackets as required.

The interlocking doors feature a 316 Stainless steel L handle to pull the door open and guarantee fast access even when wearing gloves.

Standard specification:

Dimensions (mm)

Height x width x depth: 2030 x 1405x 950

Aperture: 1735H x 1155W

Internal depth: 900

Weight Kg: 64Kg

Material specification:

Colour: White RAL09010

Material: Lloyds approved composites with UV stabilised gelcoat

Hinges: 316 Stainless steel

Handle: Stainless steel L handle

Seal: EPDM

Optional Extras:
